Project ID	Project Title	Sue Olson	Jane Kingston
P A 07	Minnesota Buffers for Wildlife and Water-V		Method, not parcels
P A 10	Protecting and Restoring Minnesota's Important Birds Areas		Method, not parcels
P RE 02	Enhanced Public Land – Grasslands Phase II		Method, not parcels
F A 03	Camp Ripley ACUB Phase 5 - Buffering the Gull River WMA and protecting Mississippi/Crow Wing River		Method, not parcels
W RE 02	Lake Flora Wetland Trail Project	This is a social benefit program. This is not about, or for, habitat.	Recreation Park/Trail, \$\$
H RE 02	Lake Bemidji South Shore Restoration and Enhancement	Seems like this is more of a Clean Water project than an Outdoor Heritage Fund project. Also, I object to use of OHF funds for a site that will be turned into a regional park, as the City intends.	Recreation City Park, \$\$\$
H RE 03	Biological Control of Invasive Plants	OHF funds cannot be used for creation of educational materials, field guides, or training sessions	High Personnel/Administrative, Substitution, Temporary
H RE 07	Lake Nokomis Integrated Habitat Enhancements	The plant propagation portion should be a Clean Water project, and perhaps the third leg should be as well.	Substitution, Temporary
H RE 08	Indian Beach Harbor Ecological Enhancement Mission	This should be submitted to Clean Water or the small grants program. It is not eligible for direct LSOHC funding due to the small dollar amount.	100% Services, Dredging, Recreation
H RE 09	White Bear Lake	This research project should be submitted to Clean Water. It is not eligible for direct LSOHC funding due to the small dollar amount, and the subject matter does not fall within LSOHC.	100% Services, Research, Recreation
CPL 1	Conservation Partners Legacy Grant Program Phase VI		Recommend Hearing
CPL 2	Metro Conservation Partners Legacy Grant Program Phase II		Recommend Hearing: Share Personnel & Administrative Costs with CPL-1
O 1	Contract Management		Recommend Hearing
O 2	Restoration Evaluations		Recommend Hearing
