

Lessard-Sams Outdoor Heritage Council

Laws of Minnesota 2011 Accomplishment Plan

Date: November 10, 2015

Program or Project Title: Accelerating the Waterfowl Production Area Program, Phase 3

Funds Recommended: \$ 9,815,000

Manager's Name: Eran Sandquist

Organization: Pheasants Forever

Address: 410 Lincoln Ave S

Address 2: Box 91

City: South Haven, MN 55382

Office Number: 320-236-7755

Email: esandquist@pheasantsforever.org

Legislative Citation: ML 2011, First Sp. Session, Ch. 6, Art. 1, Sec. 2, Subd. 2(h)

Appropriation Language: \$9,815,000 the first year is to the commissioner of natural resources for an agreement with Pheasants Forever to accelerate the acquisition of wetlands and grasslands to be added to the waterfowl production area system in Minnesota in cooperation with the United States Fish and Wildlife Service. A list of proposed land acquisitions must be provided as part of the required accomplishment plan.

County Locations: Big Stone, Blue Earth, Clay, Cottonwood, Douglas, Freeborn, Grant, Jackson, Kandiyohi, Lac qui Parle, Lincoln, Mahnommen, Martin, McLeod, Meeker, Murray, Norman, Otter Tail, Polk, Pope, Rice, Sibley, Stearns, Stevens, Swift, Traverse, Wilken, and Wright.

Regions in which work will take place:

- Forest / Prairie Transition
- Metro / Urban
- Northern Forest
- Prairie
- Southeast Forest

Activity types:

- Protect in Fee

Priority resources addressed by activity:

- Prairie
- Wetlands

Abstract:

This proposal accelerates the permanent protection of 2,250 acres of wetlands (650 acres) and grasslands (1,600 acres) as Waterfowl Production Areas open to public hunting in Minnesota.

Design and scope of work:

Design and Scope of Work

The loss of grassland and wetland habitats in Minnesota is well documented. One of the primary ways to reverse this downward trend is to permanently acquire and restore previously converted wetland and grassland habitats on those properties. The U.S. Fish and Wildlife Service (Service) and their partners have been employing this strategy for over 50-years with the Small Wetlands Acquisition Program (SWAP). This acceleration program acquires and restores 650 acres of wetland and 1,600 acres of grassland habitats which will be

permanently protected as Waterfowl Protection Areas managed by the Service. Using landscape level planning tools [e.g. Thunderstorm Maps produced by the Service's Habitat and Population Evaluation Team (HAPET)], Pheasants Forever (PF) will acquire strategically identified properties. Based on HAPET evaluation strategies, modeling predictions can be made on the numbers of nesting waterfowl, grassland nesting birds, and other wildlife the acres affected by this grant application will produce. Besides the obvious wildlife benefits, once restored, the lands acquired through this grant will provide additional water quality, groundwater recharge, and flood abatement benefits. These strategies are well tested and are supported by the greater conservation community here in Minnesota. Hunting and fishing stakeholders are very interested in increasing opportunities for hunting and fishing public access and have used WPA's extensively in the past. To address concerns related to the erosion of county tax revenues due to public land, the Service and PF will notify counties prior to acquisition of lands. Once acquired, the Service will make a one-time Trust Fund payment to the County where the property is located. In addition, the Service will make annual Refuge Revenue Sharing payments for all fee lands within the respective Counties.

Funding for restoration of the properties will be solicited from partners. If this funding is available, then budgeted Outdoor Heritage restoration funds under this proposal would be able to accomplish additional fee title w/o PILT acquisition funds. Wetlands, on the properties acquired, will be restored by either surface ditch "plugs" or breaking sub-surface tile lines. Grasslands will be restored by planting appropriate native grasses and forbs to converted grassland habitats. Grassland restoration on individual tracts may take three to five years and involve one to two years of post acquisition farming to prepare the seed base, one year for seeding and one to two years to establish.

Crops:

Will there be planting of corn or any crop on OHF land purchased or restored in this program - **Not Listed**

Which sections of the Minnesota Statewide Conservation and Preservation Plan are applicable to this project:

- H1 Protect priority land habitats
- H2 Protect critical shoreland of streams and lakes
- H3 Improve connectivity and access to recreation
- H4 Restore and protect shallow lakes
- H5 Restore land, wetlands and wetland-associated watersheds
- H6 Protect and restore critical in-water habitat of lakes and streams

Which other plans are addressed in this proposal:

- Long Range Plan for the Ring-Necked Pheasant in MN
- North American Waterbird Conservation Plan
- Partners in Flight Grassland Bird Plan
- U.S. Prairie Pothole Joint Venture Plan

Which LSOHC state-wide priorities are addressed in this proposal:

- Not Listed

Which LSOHC section priorities are addressed in this proposal:

Forest / Prairie Transition:

- Not Listed

Metro / Urban:

- Not Listed

Northern Forest:

- Not Listed

Prairie:

- Protect, enhance, or restore existing wetland/upland complexes, or convert agricultural lands to new wetland/upland habitat

- complexes
- Convert agricultural land to wetland/upland to protect, enhance, or restore existing habitat complexes, such as WMAs
- Protect, restore, and enhance shallow lakes
- Protect expiring CRP lands

Southeast Forest:

- Not Listed

Relationship to other funds:

- Not Listed

How does this proposal accelerate or supplement your current efforts in this area:

WPAs are acquired with funds derived from the sale of Federal Duck Stamps and managed for wildlife and conservation benefits as part of the National Wildlife System. Land acquisition and restoration have not kept pace with habitat restoration needs or the backlog of willing sellers. The Service’s Midwest Region receives on average \$5,000,000 annually from duck stamp proceeds to purchase lands for WPAs. If funded, this proposal will accelerate the protection and restoration of Minnesota’s valuable wetland and grassland habitats and provide additional public hunting and fishing areas.

How will you sustain and/or maintain this work after the Outdoor Heritage Funds are expended:

All grant monies received for this project will result in fee title transfers of additional land into the National Wildlife Refuge System. The long-term protection and management of these habitats will be the responsibility of the Service, an agency that employs professional managers, biologists, field staffs, realty staff, and enforcement officers and has an annual operating budget designated specifically for the management of Refuge resources. Wetlands and their contributing watersheds will be protected and prairie habitats monitored and managed. The Service has an active, professional prescribed burning program and utilizes fire to reduce woody invasion of prairies, enhance diversity, and rejuvenate uplands. Biological, mechanical, and sometimes chemical treatments are used as needed in an integrated management approach to provide high quality migration and breeding habitats. Acquisitions in the project will be targeted to complete the restoration of large wetland complexes surrounded by native or planted tall grass prairie uplands.

Activity Details:

Will local government approval be sought prior to acquisition - **Not Listed**

Is the land you plan to acquire free of any other permanent protection - **Not Listed**

Is this land open for hunting and fishing - **Not Listed**

Are there currently trails or roads on any of the acquisitions on the parcel list - **Not Listed**

Will new trails or roads be developed as a result of the OHF acquisition - **Not Listed**

Accomplishment Timeline:

| Activity | Approximate Date Completed |
|--------------------------------|----------------------------|
| Identify priority acquisitions | 10/1/2010 |
| Contract appraisals ordered | 10/01/2011 |
| Purchase agreements | 02/01/2012 |
| Re-evaluate tract priority | 02/15/2012 |
| Contract appraisals ordered | 03/01/2012 |
| Purchase agreements | 06/01/2012 |
| Restoration actions initiated | 06/01/2012 |
| Close on optioned tracts | 09/01/2012 |
| Wetland restorations completed | 10/26/2016 |
| Upland restorations completed | 10/26/2016 |

Date of Final Report Submission: 11/1/2016
