

# Lessard-Sams Outdoor Heritage Council

## Laws of Minnesota 2014 Final Report

**Date:** January 08, 2019

**Program or Project Title:** Camp Ripley Partnership, Phase 4

**Funds Recommended:** \$1,200,000

**Manager's Name:** Helen McLennan

**Title:** District Manager

**Organization:** Morrison SWCD

**Address:** 16776 Heron Rd

**City:** Little Falls, MN 56345

**Office Number:** 320-616-2479

**Email:** helen.mclennan@mn.nacdnet.net

**Website:** www.morrisonswcd.org

**Legislative Citation:** ML 2014, Ch. 256, Art. 1, Sec. 2, Subd. 3(g)

**Appropriation Language:** \$1,200,000 in the second year is to the Board of Water and Soil Resources in cooperation with the Morrison County Soil and Water Conservation District to acquire permanent conservation easements within the boundaries of the Minnesota National Guard Compatible Use Buffer to protect forest wildlife habitat. Up to \$45,000 is for establishing a monitoring and enforcement fund as approved in the accomplishment plan and subject to Minnesota Statutes, section 97A.056, subdivision 17. A list of permanent conservation easements must be provided as part of the final report.

**County Locations:** Crow Wing, and Morrison.

**Eco regions in which work was completed:**

- Northern Forest
- Forest / Prairie Transition

**Activity types:**

- Protect in Easement

**Priority resources addressed by activity:**

- Wetlands
- Forest
- Prairie

### Summary of Accomplishments:

This phase protected, under easement, 946 acres (130% of the goal of 720 acres) of high quality habitat a for fish, game, and wildlife.

### Process & Methods:

The purpose of this initiative was to protect fish, migratory birds, big game, and oak habitat along the Crow Wing, Gull, Nokasippi, and Mississippi Rivers via conservation easements. These river corridors are very vulnerable to habitat degradation due to the potential for development. The Camp Ripley military training center is located immediately adjacent to the confluence of the Crow Wing and Mississippi Rivers. Camp Ripley contains 19 miles of Mississippi River frontage and 8 miles of Crow Wing River frontage that provide habitat for many species including 45 Species of Greatest Conservation Need. This project built upon past Camp Ripley partnership success with the Army Compatible Use Buffer program (ACUB). This federal program provided funds to protect adjacent lands from encroaching development and in the process protects the training center, water quality and wildlife habitat. Fifteen easements were secured totaling 946 acres which was 130% over our goal of 720 acres. The largest easement was 278 acres with two others that were

approximately 100 acres. The average easement size was 63 acres. These parcels are primarily forested with some wetlands. As of this writing the ACUB program has protected over 25,000 acres through conservation easements and fee title including 204 RIM easements totaling over 22,000 acres. In 2014 alone BWSR leveraged \$1,000,000 in National Guard Bureau and Department of Army ACUB funds for easement acquisition. As of this writing, during the life of the ACUB program, over \$33,000,000 from National Guard Bureau and Department of Army funds have been directed to BWSR for easement acquisition.

Camp Ripley is home to one of the southern-most wolf populations in Minnesota and 65 species of Greatest Conservation Need including the state's highest population of red shouldered hawks. Red-shouldered Hawks are forest dependent species and the parcels protected in this grant help to ensure that a viable population remains in the Camp Ripley area. Likewise, wolves in Minnesota, are primarily forest species and need rather large areas to maintain pack integrity and reduce competition with neighboring packs and humans. Again, these parcels help to protect this species.

This project utilized Camp Ripley's partnerships with the Board of Water and Soil Resources (BWSR), MN Department of Natural Resources (DNR), The Nature Conservancy (TNC), Morrison Soil and Water Conservation District (SWCD) to solicit applications and to score and rank applications. The partnership uses a variety of methods to generate landowner interest and solicit applications including; mailings, open houses, direct contact with landowners and special Camp Ripley events. Applications are sorted into agricultural easements (Non-OHF) and riparian and forested lands easements (OHF). They are then scored and ranked against a GIS based system that ranks parcels based upon a number of factors including habitat quality and proximity to Camp Ripley. Applications are then funded in priority order from appropriate funding sources until all funds are used up. The application process is continuous and there is generally a considerable backlog of interested landowners at any specific point in time. Once a funding decision has been made Morrison SWCD and BWSR work together to accomplish the standard RIM easement acquisition process and the easement becomes part of the RIM portfolio.

## Explain Partners, Supporters, & Opposition:

This project utilized Camp Ripley's partnerships with the Board of Water and Soil Resources (BWSR), MN Department of Natural Resources (DNR), The Nature Conservancy (TNC), Morrison Soil and Water Conservation District (SWCD). Local support for the ACUB program continues to be strong with a waiting list of landowners who want to enroll in the program.

## Additional Comments:

*Exceptional challenges, expectations, failures, opportunities, or unique aspects of program*

Not Listed

## Other Funds Received:

- Not Listed

## How were the funds used to advanced the program:

Not Listed

## What is the plan to sustain and/or maintain this work after the Outdoor Heritage Funds are expended:

Once a RIM easement is acquired, BWSR is responsible for monitoring and enforcement in perpetuity. The BWSR partners with local SWCDs to carry-out oversight, monitoring and inspection of its conservation easements. Easements are inspected for the first five consecutive years beginning in the year after the easement is recorded. Thereafter, on-site inspections are performed every three years and compliance checks are performed in the other two years. SWCDs report to BWSR on each site inspection conducted and partners' staff document findings. A non-compliance procedure is implemented when potential violations or problems are identified. The amount listed for Easement Stewardship covers a portion of costs of the SWCD regular monitoring, BWSR oversight, and enforcement.

## Outcomes:

*The original accomplishment plan stated the program would*

### Programs in the northern forest region:

- Forestlands are protected from development and fragmentation
- Healthy populations of endangered, threatened, and special concern species as well as more common species
- Increased availability and improved condition of riparian forests and other habitat corridors
- Greater public access for wildlife and outdoors-related recreation

**How will the outcomes be measured and evaluated?**

Forest and riparian acres were protected by easement from development. These are part of the larger Camp Ripley ACUB effort which has created a buffer zone around Camp Ripley of high quality habitat that benefits species such as the Red-shouldered Hawk and timber wolf.

**Programs in forest-prairie transition region:**

- Protected, restored, and enhanced nesting and migratory habitat for waterfowl, upland birds, and species of greatest conservation need
- Water is kept on the land

**How will the outcomes be measured and evaluated?**

Forest and riparian acres were protected by easement from development. These are part of the larger Camp Ripley ACUB effort which has created a buffer zone around Camp Ripley of high quality habitat that benefits species such as the Red-shouldered Hawk and timber wolf.

# Budget Spreadsheet

Final Budget line item reallocations are allowed up to 10% and do not need require an amendment to the Accomplishment Plan

Total Amount: \$1,200,000

#### Personnel - Morrison SWCD

Position	FTE	Over # of years	Spent	Cash Leverage	Leverage Source	Total
Project Management	0.45	3.00	\$45,000	\$0		\$45,000
Total	0.45	3.00	\$45,000	\$0		\$45,000

#### Explain any budget challenges or successes:

The BWSR Personnel budget was overspent by \$900. The BWSR personnel budgeting/tracking process is to: 1) predict expenses and load budgets accordingly, 2) track actual time spent, and 3) make expenditure corrections (EC). Unfortunately EC's could not be made prior to this appropriation being closed out in SWIFT. Over the five ACUB appropriations from 2011-2015, the personnel budget has been underspent. This issue was discussed with LSOHC staff on 11/1/18 and documenting here was the agreed upon solution. Although personnel was overspent by 2% acres were exceeded by 30% and was >\$10,000 under budget.

#### All revenues received by the recipient that have been generated from activities on land with money from the OHF:

Total Revenue: \$0  
Revenue Spent: \$0  
Revenue Balance: \$0
