---

### **Today's Presentation:**

Today's IDP presentation will entail information from DNR IDP Coordinator Jennifer Olson, as well as information shared by various partner organizations.

The purpose of this presentation is to provide Council with a greater understanding of the “what, where, when, why, how, and who” of IDP.

### **Background:**

At its October meeting, the Council received information from DNR Staff on the IDP process. From that presentation and the resulting discussion, Council requested an additional presentation at the November 3 meeting with more in-depth information on how the IDP process works, who is doing the work, and what leads to that decision. (e.g. budgetary considerations, etc.)
