4. Conflicts of Interest Prohibitions and Procedures

Governing conflict of interest:

The COUNCIL is bound by Minnesota Statutes, section 97A.056, subd. 4, "Conflict of Interest" as follows:

- a. A COUNCIL member may not be an advocate for or against a COUNCIL action or vote on any action that may be a conflict of interest. A conflict of interest includes direct or indirect personal financial benefit from a request for funding or funded project. A conflict of interest must be disclosed as soon as it is discovered. The COUNCIL shall follow the policies and requirements related to conflicts of interest developed by the Minnesota Department of Administration Office of Grants Management under Minnesota Statutes, section 16B.98. (See Procedures Regarding Conflict of Interest below)
- b. For the purposes of this section, a "conflict of interest" exists when a person has an organizational conflict of interest or direct financial interests and those interests present the appearance that it will be difficult for the person to impartially fulfill the person's duty. An "organizational conflict of interest" exists when a person has an affiliation with an organization that is subject to COUNCIL activities, which presents the appearance of a conflict between organizational interests and COUNCIL member duties. An "organizational conflict of interest" does not exist if the person's only affiliation with an organization is being a member of the organization.

In addition to the above a COUNCIL member may not serve as a project manager for a request for funding pending before the COUNCIL.

Conflict of Interest to be Managed Through Procedures:

Members of the COUNCIL have been appointed because of their legislative duties, interest, expertise, or knowledge of the science, policy, or practice of restoring, protecting, and enhancing wetlands, prairies, forests and habitat for fish, game and wildlife. Therefore, certain affiliations may constitute a conflict of interest that must be managed by the COUNCIL, including:

- receipt of personal financial benefit from a proposing organization or request for funding being reviewed.
- serving as an employee or governing board member of a proposing organization whose request for funding is being reviewed.
- having a family relationship with someone requesting funds or a staff or board member of a requesting organization.

Procedures regarding conflict of interest:

A conflict of interest must be identified before or during the initial request for funding review process. The member must complete the Lessard-Sams Outdoor Heritage Council Conflict of Interest Disclosure Form and file it in the COUNCIL office. If a conflict of interest is recognized during the course of a meeting the member must declare the conflict at the first opportunity. Declaring a conflict of interest means that a member may not advocate for or against the request for funding, or vote on the request for funding. In addition, existing law and institutional policies on conflict of interest cover the COUNCIL members and staff and other legislative staff.

5. Rules of Order

The COUNCIL will use Mason’s Manual of Legislative Procedure as the rules of order for the COUNCIL.

6. Open Meetings and Transparency

The COUNCIL will conduct open meetings as described in Minnesota Statutes, section 97A.056, subd. 5, summarized as follows:

The legislative auditor shall audit the outdoor heritage fund expenditures, including administrative and staffing expenditures, every two years to ensure that the money is spent to restore, protect, and enhance wetlands, prairies, forests, and habitat for fish, game, and wildlife.

Subd. 2.Special meetings.

- (a) For a special meeting, except an emergency meeting or a special meeting for which a notice requirement is otherwise expressly established by statute, the public body shall post written notice of the date, time, place, and purpose of the meeting on the principal bulletin board of the public body, or if the public body has no principal bulletin board, on the door of its usual meeting room.
- (b) The notice shall also be mailed or otherwise delivered to each person who has filed a written request for notice of special meetings with the public body. This notice shall be posted and mailed or delivered at least three days before the date of the meeting.
- (c) As an alternative to mailing or otherwise delivering notice to persons who have filed a written request for notice of special meetings, the public body may publish the notice once, at least three days before the meeting, in the official newspaper of the public body or, if there is none, in a qualified newspaper of general circulation within the area of the public body's authority.
- (d) A person filing a request for notice of special meetings may limit the request to notification of meetings concerning particular subjects, in which case the public body is required to send notice to that person only concerning special meetings involving those subjects.
- (e) A public body may establish an expiration date for requests for notices of special meetings pursuant to this subd. and require refiling of the request once each year.
- (f) Not more than 60 days before the expiration date of a request for notice, the public body shall send notice of the refiling requirement to each person who filed during the preceding year.

- (c) Notice shall be provided to each news medium which has filed a written request for notice as soon as reasonably practicable after notice has been given to the members.

- (f) If matters not directly related to the emergency are discussed or acted upon at an emergency meeting, the minutes of the meeting shall include a specific description of the matters.
- (g) The notice requirement of this subd. supersedes any other statutory notice requirement for a special meeting that is an emergency meeting.

Subd. 4.Recessed or continued meetings.

- (a) If a meeting is a recessed or continued session of a previous meeting, and the time and place of the meeting was established during the previous meeting and recorded in the minutes of that meeting, then no further published or mailed notice is necessary.
- (b) For purposes of this subd., the term "meeting" includes a public hearing conducted pursuant to chapter 429 or any other law or charter provision requiring a public hearing by a public body.

The notice requirements of this section apply to closed meetings.

Subd. 6.State agencies.

For a meeting of an agency, board, commission, or department of the state:

- (1) the notice requirements of this section apply only if a statute governing meetings of the agency, board, or commission does not contain specific reference to the method of providing notice; and
- (2) all provisions of this section relating to publication are satisfied by publication in the State Register.

Subd. 7. Actual notice.

If a person receives actual notice of a meeting of a public body at least 24 hours before the meeting, all notice requirements of this section are satisfied with respect to that person, regardless of the method of receipt of notice.

13D.05 MEETINGS HAVING DATA CLASSIFIED AS NOT PUBLIC.

Subd. 1. General principles.

- (a) Except as provided in this chapter, meetings may not be closed to discuss data that are not public data.
- (b) Data that are not public data may be discussed at a meeting subject to this chapter without liability or penalty, if the disclosure relates to a matter within the scope of the public body's authority and is reasonably necessary to conduct the business or agenda item before the public body.
- (c) Data discussed at an open meeting retain the data's original classification; however, a record of the meeting, regardless of form, shall be public.
- (d) All closed meetings, except those closed as permitted by the attorney-client privilege, must be electronically recorded at the expense of the public body. Unless otherwise provided by law, the recordings must be preserved for at least three years after the date of the meeting.

Subd. 2. When meeting must be closed.

- (a) Any portion of a meeting must be closed if expressly required by other law or if the following types of data are discussed:
 - (1) data that would identify alleged victims or reporters of criminal sexual conduct, domestic abuse, or maltreatment of minors or vulnerable adults;
 - (2) active investigative data as defined in section [13.82, subd. 7](#), or internal affairs data relating to allegations of law enforcement personnel misconduct collected or created by a state agency, statewide system, or political subd.;
 - (3) educational data, health data, medical data, welfare data, or mental health data that are not public data under section [13.32](#), [13.3805, subd. 1](#), [13.384](#), or [13.46, subd. 2](#) or 7; or
 - (4) an individual's medical records governed by sections [144.291](#) to 144.298.
- (b) A public body shall close one or more meetings for preliminary consideration of allegations or charges against an individual subject to its authority. If the members conclude that discipline of any nature may be warranted as a result of those specific charges or allegations, further meetings or hearings relating to those specific charges or allegations held after that conclusion is reached must be open. A meeting must also be open at the request of the individual who is the subject of the meeting.

Subd. 3. What meetings may be closed.

- (a) A public body may close a meeting to evaluate the performance of an individual who is subject to its authority. The public body shall identify the individual to be evaluated prior to closing a meeting. At its next open meeting, the public body shall summarize its conclusions regarding the evaluation. A meeting must be open at the request of the individual who is the subject of the meeting.
- (b) Meetings may be closed if the closure is expressly authorized by statute or permitted by the attorney-client privilege.
- (c) A public body may close a meeting:
 - (1) to determine the asking price for real or personal property to be sold by the government entity;
 - (2) to review confidential or nonpublic appraisal data under section [13.44, subd. 3](#); and
 - (3) to develop or consider offers or counteroffers for the purchase or sale of real or personal property.Before holding a closed meeting under this paragraph, the public body must identify on the record the particular real or personal property that is the subject of the closed meeting. The proceedings of a meeting closed under this paragraph must be tape recorded at the expense of the public body. The recording must be preserved for eight years after the date of the meeting and made available to the public after all real or personal property discussed at the meeting has been purchased or sold or the governing body has abandoned the purchase or sale. The real or personal property that is the subject of the closed meeting must be specifically identified on the tape. A list of members and all other persons present at the closed meeting must be made available to the public after the closed meeting. If an action is brought claiming that public business other than discussions allowed under this paragraph was transacted at a closed meeting held under this paragraph during the time when the tape is not available to the public, section [13D.03, subd. 3](#), applies.

An agreement reached that is based on an offer considered at a closed meeting is contingent on approval of the public body at an open meeting. The actual purchase or sale must be approved at an open meeting after the notice period required by statute or the governing body's internal procedures, and the purchase price or sale price is public data.

(d) Meetings may be closed to receive security briefings and reports, to discuss issues related to security systems, to discuss emergency response procedures and to discuss security deficiencies in or recommendations regarding public services, infrastructure and facilities, if disclosure of the information discussed would pose a danger to public safety or compromise security procedures or responses. Financial issues related to security matters must be discussed and all related financial decisions must be made at an open meeting. Before closing a meeting under this paragraph, the public body, in describing the subject to be discussed, must refer to the facilities, systems, procedures, services, or infrastructures to be considered during the closed meeting. A closed meeting must be tape recorded at the expense of the governing body, and the recording must be preserved for at least four years.

(b) The court determining the merits of any action in connection with any alleged third violation shall receive competent, relevant evidence in connection therewith and, upon finding as to the occurrence of a separate third violation, unrelated to the previous violations, issue its order declaring the position vacant and notify the appointing authority or clerk of the governing body.

(c) As soon as practicable thereafter the appointing authority or the governing body shall fill the position as in the case of any other vacancy.

Subd. 4. Costs; attorney fees; requirements; limits.

Operating Policy and Procedure

Issue Date: 7/15/08

Policy Number: 08-01

Conflict of Interest Policy for State Grant-Making

Statutory References

This policy assumes adherence to the Code of Ethics for Employees in the Executive Branch (Minn. Stat. 43A.38), as well as to the following statutes:

Minn. Stat. 10A.07-Conflicts of Interest

Minn. Stat. 15.43-Acceptance of Advantage by State Employee; Penalty

Minn. Stat. 471.87-Public Officers, Interest in Contract; Penalty

Minn. Stat. 16B.97- Grants Management

Minn. Stat. 16B.98-Grants Management Process

Policy

Minnesota Statutes 16B.97 subd. 4(a)(1) provides that the Commissioner of Administration shall “create general grants management policies and procedures that are applicable to all executive agencies.”

Minnesota state agencies must work to deliberately avoid both actual and perceived conflicts of interest related to grant-making at both the individual and organizational levels. When a conflict of interest concerning state grant-making exists, transparency shall be the guiding principle in addressing it. Every state employee and grant reviewer shall be responsible for identifying where an actual or perceived conflict of interest exists and for informing appropriate parties. State agencies and employees must take affirmative actions to avoid, minimize or otherwise mitigate the impacts of actual or perceived conflicts of interest.

Scope of Coverage

This policy applies to grant-making at all executive branch agencies, boards, committees, councils, authorities and task forces.

The policy applies to any state employees, appointees and grant reviewers who may be involved with any part of the grant-making process. This includes but is not limited to: developing requests for proposals, evaluating grant proposals, awarding a grant, drafting and entering into a grant agreement, evaluating grantee performance under a grant agreement, as well as authorizing payment under a grant agreement.

This policy also applies to organizations that are current state grantees or grant applicants.

Conflicts of interest may be actual or perceived. An actual conflict of interest occurs when a decision or action would compromise a duty to a party without taking immediate appropriate action to eliminate the conflict. A perceived conflict of interest is any situation in which a reasonable third party would conclude that conflicting duties or loyalties exist.

This policy supersedes other state agency policies that concern conflicts of interest relating to outgoing grants except when the existing state agency policy is stricter.

Grant programs that seek an exception to this policy must complete a Grants Policy Exception Request and submit it to the Office of Grants Management for the approval of the Commissioner of Administration.

Definitions

Grant:

A grant is the transfer of cash or something of value to a recipient to support a public purpose authorized by law.

Conflict of Interest:

A conflict of interest, actual or perceived, occurs when a person has actual or apparent duty or loyalty to more than one organization and the competing duties or loyalties may result in actions which are adverse to one or both parties. A conflict of interest exists even if no unethical, improper or illegal act results from it.

Individual Conflict of Interest:

A conflict of interest that may benefit the individual employee or grant reviewer is any situation in which a state employee or grant reviewer's judgment, actions or non-action could be interpreted to be influenced by something that would benefit them directly or through indirect gain to a friend, relative, acquaintance or business or organization with which they are involved.

An individual conflict of interest occurs when any of the following conditions is present:

- (a) A state employee or a grant reviewer uses his/her status or position to obtain special advantage, benefit, or access to the grantee or grant applicant's time, services, facilities, equipment, supplies, badge, uniform, prestige, or influence.
- (b) A state employee or a grant reviewer receives or accepts money or anything else of value from a state grantee or grant applicant or has equity or a financial interest in or partial or whole ownership of an applicant organization.
- (c) A state employee or a grant reviewer is an employee or board member of a grant applicant or grantee or is an immediate family member of an owner, employee or board member of the grantee or grant applicant.

Instances in which the state employee or grant reviewer works in a volunteer capacity for a grant applicant or grantee organization should be evaluated on a case by case basis. Volunteer status has the potential to but does not necessarily create a conflict of interest, depending on the nature of the relationship between the two parties.

Procedures to Avoid Individual Conflicts of Interest:

1. All state employees and grant reviewers involved in the review of grant applications must sign a conflict of interest disclosure form for each grant review in which they participate. On the conflict of interest disclosure form, each reviewer must identify any grant applicant with which they have an actual or perceived conflict of interest, although they do not need to provide the reason for the conflict.
2. Additionally, a state agency, employee, or grant reviewer must act immediately upon any suggestion, inquiry, or intimation that a conflict of interest exists at any other point in the grants process. Upon identification, such matters are referred to the employee or grant reviewer's immediate supervisor. If the conflict involves the employee or grant reviewer's immediate supervisor, the employee or grant reviewer should instead contact the agency's ethics officer or a manager, director, assistant commissioner or agency head.
3. If it is determined that an actual or perceived conflict of interest exists, as defined by this policy or relevant law, it is important that appropriate steps must be taken to avoid the conflict. These steps may include:

- reassigning the duties associated with that particular grant or grantee to another employee or grant reviewer
- requiring the state employee or grant reviewer to remove themselves from the discussion or decision that is affected by the conflict

At a minimum, all internal parties who are involved with the situation must be made aware of the actual or perceived conflict, even if it is not serious enough to remove or reassign the employee or grant reviewer.

4. The conflict and its resolution should be noted in any meeting minutes, documents or records that the state agency keeps as a regular part of its grants process.

Organizational Conflict of Interest:

A conflict of interest can also occur with an organization that is a grant applicant or grantee of a state agency.

Organizational conflicts of interest occur when:

- a grantee is unable or potentially unable to render impartial assistance or advice to the State due to competing duties or loyalties
- a grantee's objectivity in carrying out the grant is or might be otherwise impaired due to competing duties or loyalties
- a grantee or potential grantee has an unfair competitive advantage through being furnished unauthorized proprietary information or source selection information that is not available to all competitors.

Particular attention should be paid to any proposed grant agreement requirements that provide for the rendering of planning, consultation, evaluation, or similar activities that may inform decisions on future grant awards.

Procedures to Avoid Organizational Conflicts of Interest:

1. Conflicts of interest should be prevented as early in the grants process as possible. This includes writing requests for proposal in a manner that avoids conflicts and creates a level playing field for all grant applicants.
2. If an organizational conflict of interest is suspected, disclosed or discovered agency staff must immediately notify the agency's ethics officer or a supervisor, manager, director, assistant commissioner or commissioner.
3. In cases where an organizational conflict of interest is suspected, disclosed or discovered, the grantee or grant applicant organization should be notified by the state agency regarding the actual or potential conflict and allowed a reasonable opportunity to respond. Based on a review of the response and other relevant facts, one of the following actions may be pursued:
 - The potential grantee is disqualified from eligibility for the grant award

- A current grantee's grant agreement is terminated
- The grantee is disqualified from subsequent state grant awards if it is determined that it improperly failed to disclose a known organizational conflict of interest or misrepresented information regarding such a conflict
- The responsibility for the grant or grant program is reassigned to a different state employee
- Actions should be taken to mitigate or neutralize perceived or actual organizational conflicts of interest. This may include: revising the grantee's duties so that the conflict is mitigated; allowing the grantee to propose the exclusion of task areas that create a conflict, if appropriate; asking the grantee to submit an organizational conflict of interest avoidance or mitigation plan; or making all information available to all grantees and/or potential grantees in order
